

Links between Me and My Pet and the science curriculum (England)

Sc2 Life processes and living things Knowledge, skills and understanding	Me and My Pet
1) Life processes	
1. the differences between things that are living and things that have never been alive	Me and My Pet Extras – Living and not living activity
2. that animals, including humans, move, feed, grow, use their senses and reproduce	Me and My Pet program – Playing, Eating, Growing sections
3. to relate life processes to animals and plants found in the local environment.	-
2) Humans and other animals	
1. to recognise and compare the main external parts of the bodies of humans and other animals	Me and My Pet program – Being unwell section
2. that humans and other animals need food and water to stay alive	Me and My Pet program – Eating section
3. that taking exercise and eating the right types and amounts of food help humans to keep healthy	Me and My Pet program – Playing, Eating sections
4. about the role of drugs as medicines	Me and My Pet program – Being unwell section
5. how to treat animals with care and sensitivity	Me and My Pet program – Being happy section
6. that humans and other animals can produce offspring and that these offspring grow into adults	Me and My Pet program – Growing section
7. about the senses that enable humans and other animals to be aware of the world around them.	Me and My Pet program – Eating section follow-up
3) Green plants	
4) Variation and classification	
1. recognise similarities and differences between themselves and others, and to treat others with sensitivity	-
2. group living things according to observable similarities and differences.	Me and My Pet Extras – Dogs
5) Living things in their environment
